The French Delegation wish to inform the Committee that an application has been received for a licence to export to Poland 40 klystron tubes valued at 33,000 new francs, or \$ 6,600.

These tubes are covered by Item 1558 on the International Lists and are intended to service the following equipment:

- 1) 20 klystron tubes TH 2220 B, similar to the United States tubes type V.A. 220 B.
to service television equipment valued at approximately 3,000,000 new francs, supplied by the Radio Industrie Company.
- 2) 20 magnetron electronic tubes, reference 1725 A. United States reference: 725 A.
to service radar equipment fitted on merchant vessels.

Deliveries would be effected as follows:

Beginning of October 1960	-	13 tubes
" " November "	-	18 tubes
" " December "	-	9 tubes

The French Delegation would point out that similar types are manufactured by the Tungsram factory in Budapest.

The usual guarantees against re-export have been provided.

The French Delegation would ask the Committee for its views on this case submitted in accordance with the special policy applied to Poland.
